

Volunteers & Field Trips

If you wish to volunteer in our classroom or chaperone field trips this year, you will need to register as a volunteer. You must re-register each year you wish to be a volunteer. This can be completed at home this year. You will be notified by email once your application has been approved.

When you volunteer, please keep the following in mind:

- Your child needs to understand that they are part of the class & need to be doing what the class is doing, even if a parent is present.
- If your child is not ready for you to join us (cries when it's time for you to leave, cannot attend to work, while you are here), we will suggest for you to take a break from joining us & try again in a few weeks. It is difficult for some children to have a parent in the room & not have their parent's full attention. Sometimes they just need time to become comfortable in their new classroom.

TRANSPORTATION

If there are to be any changes in the dismissal procedure for your child (such as your child will go carpool today instead of riding the bus) you must notify me in writing or the child will return home in the usual manner. This is for your child's safety. Also keep in mind that it is against WCPSS policy for your child to ride the bus home with another student for a play date. PLEASE do not email any afternoon transportation changes. Sometimes I don't get to check my email until after dismissal and the new Durant policy is to not accept afternoon transportation changes over the phone. It needs to be in writing or face-to-face in the office.

Report Cards & Conferences

Report cards are sent home at the end of each quarter. We will have at least 2 conferences this year...one in the fall & one in the spring. However, I will be happy to conference with you at other times as needed.

Immunizations

We are required to keep an updated copy of your child's shot record and health assessment in their cumulative record. The dates of the immunizations must be listed in numerical format. It is the parent's responsibility to send this to school, as the doctor's office will not release the information to us. After 30 calendar days, a child will be excluded from school if this information has not been provided. (state law)
